

EQUIPMENTS AND SERVICES

Melting	Coreless Furnace (2x) 10 ton Furnace 30 ton Furnace Daily melting capacity 210 tons
Pouring	Semi-automatic pouring system Automatic ABP Induction
Molding	20x26 Sinto FBO III (2x) Speed Muller and Hartley controler
Core making	Dual station Harisson Shell Machine Isocure process Beardsley & Piper Isocure process Shalco (2x)
Cleaning	Didion Rotary Shake Out 14 cubic feet Wheelabrator tumblast 28 cubic feet Wheelabrator tumblast Tableblast Wheelabrator
Finishing	Variable speed stand grinders (10x) Automatic disc grinders (2x) CNC grinder Baringer (Sinto)
Laboratory	Spectrometer ARL metal analyser Complete testing equipments (tensile tester, brinell hardness tester)
Material	Grey Iron & Ductile Iron all grades
Weight Range:	10-80 Pounds
Services	CMM Paint (Large & Medium volume / E-Coat) CNC Machining Heat Treatment Galvanization Assembly
